**ARTISTS IN RESIDENCE
GUILD OF PSYCHOTHERAPISTS
13-15 MARCH 2020**

An invitation to observe,
discuss, share, interact,
play and disrupt

present-imperfect.co.uk

Members and trainees of the Guild are invited to engage with art in the making when artists from the *Present Imperfect* collective occupy the building for a weekend residency from 13-15th March.

This is a unique opportunity to explore the artistic process, share insights, and become part of a larger work. The idea for the weekend came from the collective's last show where the focus became a large table where artists shared food and ideas with visitors.

During the residency the *Present Imperfect* artists will be aiming to dissolve the separation between art and viewer. The final work will be a documentation of the process, a copy of which will be presented to the Guild.
